Terrific Counter-Attacks Of Invaders Fail to Shake Poilu Armies

KAISER'S HOLD UPON FRANCE IS MENACED

Hindenburg Must Stem Rush Of Foe or Be Driven to Line, Says Wood

PARIS, May 7.—Twenty-nine thousand German soldiers have been captured by French forces since General Nivelle's great drive started April 16, the French official statement announced today.

The war office in thus reporting the tremendous success achieved in the French "push," said the offensive was continuing today with the French "everywhere victoriously repulsing counter-attacks."

In the Champagne, the statement said, a tremendous German counter-offensive had been completely held in check, the French continuing to retain all ground gained.

On Sunday and Sunday evening, the official statement said, the Germans violently counter-attacked, following one of the heaviest periods of artillery bombardment to which the French have yet been subjected. The German attacks covered the regions of Soissons and Chemin-Des-Dames, where four divisions—approximately 60,000 men—took part. The heaviest of all the attacks centered on Craonne, the Vauclerc heights, Cerny Hurtebise, and the Froidmont farm.

"Everywhere," the war office said, "the French maintained their positions, victoriously repulsing all German masses, which were smashed by our artillery and sustained great losses."

"Including yesterday, 29,000 Germans have been captured in the course of the battles starting April 16.

"On the rest of the front the French repulsed many counter-attacks and cleaned up enemy trenches near Sonvau and east of Montee."

BY WILLIAM PHILIP SIMMS (United Press Staff Correspondent) WITH THE BRITISH ARMIES IN THE FIELD, May 7.—Australian troops forged ahead a mile into the German lines early this morning.

At the moment of cabling this great hole in the German line is being successfully maintained against all enemy counter-attacks.

The penetration of the German front thus achieved is around Reincourt.

The Australians began their drive at dawn. Their whole salient was pushed forward, yard after yard, to the mile depth, in the face of violent resistance. The thrust carried them to the east of a village lying in a northward direction from Reincourt.

Reincourt itself is thus hemmed in by British troops to the west, the east and the south.

The Reincourt attack was a part of a general progressing movement achieved on the right flank early today. More than 100 prisoners were taken.

Elsewhere on the British front there were no major actions of infantry, but all along the line artillery on both sides was violently active.

HINDENBURG SACRIFICES FLOWER OF HIS RESERVE IN VAIN COUNTER-BLOWS

BY HENRY WOOD (United Press Staff Correspondent) WITH THE FRENCH ARMIES IN THE FIELD, May 7.—Germany's retirement from France may come unless Hindenburg can soon stop the French drive.

Today's fighting brought proof of complete realization of the necessity of such a retreat by the German commanders in the superhuman efforts

1 SLAIN, 2 HURT AS TEUTON AERO HURLS BOMBS ON LONDON

LONDON, May 7.—A hostile aeroplane dropped four bombs on the northeastern outskirts of London early today, killing one person and injuring two, according to a statement issued by Lord French, commander in chief of the home defense forces.

Slight damage was done to buildings, the statement said.

FIRM STEPS TO SEIZE ARIZONA LYNCHERS DUE

Drastic Action to Apprehend Mob Expected to Be Taken By Governor

PHOENIX, Ariz., May 7.—Drastic steps to apprehend and punish members of a lynching party which hanged Star Daley, murderer of James R. Gibson near Florence, were expected to be announced today by Governor Tom Campbell. A coroner's jury after an inquest into Daley's death declared the man the "victim of justifiable homicide committed by persons unknown."

Daley was taken from the hands of deputies who were hurrying him in an automobile from the jail here to the Florence penitentiary. After he had confessed the crime a noose was put around his neck and the other end of the rope was tied to the arm of a telephone pole. Daley was then compelled to stand on top of an auto, which was driven rapidly from under him.

Gibson was murdered Thursday night near Mesa while he and his wife were traveling in an automobile from Tucson to Phoenix. Daley told the lynchers he was a stepson of "Red" Melvin, famous Oklahoma bandit.

WILSON TO OUTLINE RUSSIA'S NEEDS TO RY. EXPERT ENVOYS

WASHINGTON, May 7.—President Wilson this week—probably tomorrow—will outline the immediate and vital needs of new Russia to the American Commission of railroad experts which leaves for Petrograd soon.

It is admitted in government circles that the situation in Russia is still critical and for that reason it is desired that the first of the two commissions to Russia leave as quickly as possible. The executive committee, headed by Elihu Root, will start later.

Pending arrival of the commission the American Federation of Labor is being depended upon to a degree to keep the laboring classes properly informed as to America's attitude and purposes in sending commissions to Russia. After a long conference yesterday with Elihu Root, President Gompers of the American Federation of Labor, sent a cablegram to Petrograd, addressed to the working classes and explaining it is not the purpose of the United States to interfere, but merely to help in the readjustment of Russia's internal affairs.

This was done because information has reached here that efforts are being made in Russia to create widespread dissatisfaction with the selection of Root as chairman. The feeling in certain quarters against Root has reached such a stage that some of the outspoken semi-Socialist friends and advisers of President Wilson are urging Root's appointment be reconsidered.

PERMIT FOR COTTAGE ON WEST FIRST STREET

F. Feighner this morning took out a building permit for a 5-room house at 517 West First to cost \$1100. John Cade is the contractor.

Permit for storehouse and office at the woolen mills was also taken out this morning, the valuation being \$1, or two installments within the next three weeks.

WARE GERMANY'S PEACE MOVES, YANKEE ENVOY TELLS U. S.

American Minister At Copenhagen Breaks Precedent, Gives Warning Talk

BY ARTHUR F. MANN (United Press Staff Correspondent)

COPENHAGEN, May 7.—"Any German peace proposal at this time simply indicates the determination of a tremendously organized and still powerful nation to gain its own ends," declared American Minister Maurice Egan today in a warning to the people of America, voiced through the United Press. He appealed to his fellow countrymen not to be deceived by German peace duplicity and not to slacken their war preparations under the mistaken impression that the Germans are really ready to quit.

No American official is more conversant with German conditions than Minister Egan. A veteran diplomat, long and brilliantly serving the United States at Copenhagen, he has made an especial study of Germany and the Germans no less than the ramifications of Teutonic chicanery and pragmatism.

Breaks Precedent

How strongly he feels the insincerity of Germany's "peace feelers" which have been flooding Europe recently is indicated in the fact that he decided to violate diplomatic precedent which forbids an envoy expressing personal views or granting interviews. But Egan decided the exigencies of the situation justified it.

"Relaxation of American preparedness would increase the contempt of powerful Germans toward the United States," Egan declared.

"Advices from Hamburg, Stettin and elsewhere in Germany prove that although food conditions are bad everywhere, still the people are sanguine of victory and are willing to make further sacrifices.

"Any peace suggestions by Germany at this time merely aim to eliminate Russia as a military force and to obtain the Russian larder. The Germans—especially those in Berlin—regard American military preparations as a bluff.

Kaiser Secure On Throne

"There is no danger of dethronement of the Hohenzollerns in Germany. Let me emphasize—peace talk in America will only prolong the war."

"Germany will have constitutional reforms—perhaps in the near future. But there isn't the slightest reason for believing that such reforms will impose the czar's fate on the kaiser and his line."

"The German reptile press has imbued the German populace with the belief that victory is simply a question of time. The German populace is willing to fight and to wait."

Every American here who knows German conditions is eager that the people of the United States be warned in advance of the hollowness of German professions for peace. They hold peace proposals are part of the whole German plot to gain time—and in the meanwhile Germany still hopes to win her submarine warfare. They predict careful dissection of any formal peace plans or war aims which will be announced will reveal them utterly insincere although on their face they may hint at great concessions.

The best brains of Germany are now believed to be working on a list of war aims which Imperial Chancellor von Bethmann-Hollweg is announced as about to state in the reichstag.

ADDITIONAL LOAN OF \$25,000,000 IS MADE TO BRITAIN BY U. S.

WASHINGTON, May 7.—An additional loan of \$25,000,000 was made today to Great Britain.

The transfer was not attended by the usual formalities. Secretary McAdoo sent a treasury warrant to British Ambassador Sir Cecil Spring-Rice at the British embassy and received in return Great Britain's obligation for it.

"It has been stated," said Snyder, "that the employment of married women in the teaching service is destructive to the best interests of the home. It would be difficult to prove this assertion. The dismissal of the woman teacher when she contracts marriage has hindered the establishment of more good homes than it has saved from destruction."

FLAYS RULE BARRING MATRONS AS TEACHERS

SACRAMENTO, May 7.—The rule followed by many school districts in California prohibiting the employment of a married woman as a school teacher or removing a woman teacher because she marries, was scored by E. R. Snyder, state school commissioner.

BRITONS AID U. S. IN BATTLING FOOD PRICE FIXING RING

CHICAGO, May 7.—It was learned today that British investigators are aiding in food speculation investigations here, in Los Angeles and in many other cities. The experience of these men will be invaluable to Americans in breaking the "price fixing ring." One investigator says that a single contract was handled by fifteen persons and concerns, each making a profit.

HUNT FOR S. A. LINEMAN WHO VANISHED AT BEACH VAIN

Mystery Continues to Shroud Disappearance of P. N. Schurr Yesterday

Mystery today surrounds the disappearance of P. N. Schurr, Edisonian lineman, who resides at 1051 West Second street. Search for him today failed to reveal his whereabouts. Apparently he has deserted his wife and three children. His disappearance was brought to light last night by the finding of a brown suit of clothes belonging to him at the bath house in Long Beach. Whether the suit was left there with intent to convey the impression that he had committed suicide or had been drowned while bathing in the surf or to cover up his disappearance has not yet been developed. His friends hold to the latter theory.

Schurr left home Saturday afternoon about 2 o'clock and has not since been seen by members of his family. He drew his salary for the last month Friday afternoon and is supposed to have had about \$80 with him when he left. He wore the brown suit which was found at the bath house.

Edison Co. Employee

Schurr has been employed by the Southern California Edison Company for a number of years, working at Fullerton, Anaheim and Santa Ana at different times.

In their opening statement the railroads cited their 1916 expenses for coal, wages and materials at \$1,015,000; their indicated 1917 expenses for the same items at \$1,232,000, or an increase this year of \$217,000. Wages alone in 1916 were \$701,000, while the indicated 1917 wages will be \$770,000 due to higher rates under the Adamson law and to other increases.

The cost of operating necessities, including labor, has soared so tremendously, they declared, that practically such their surplus earnings would be absorbed this year.

The cost of operating necessities, including labor, has soared so tremendously, they declared, that practically such their surplus earnings would be absorbed this year.

Two years ago he met with a severe accident near Fullerton, when a motorcycle he was riding crashed into an iron fence and he suffered a fracture of the skull. According to his wife he has not been mentally right since, and had frequently threatened to end his life. He was a periodic drinker and when under the influence of liquor repeatedly made threats of self-destruction. He was arrested at Newport Beach about a year ago, and assaulted City Marshal Porter when he attempted to take him into custody. To his mother-in-law, Mrs. Geo. Aggar, of Garden Grove, he only recently said that he had no fear of death and that he would just as soon not jump off the pier at Huntington Beach and end it all.

May Go to Seattle

Mrs. Schurr inclines to the belief that her husband has joined friends either in Seattle or at Santa Margarita, Cal. Her reason for believing so is the receipts of letters from these friends. A week ago he received a letter from Frank Bullis at Seattle, in which the letter closed with the expression that he hoped to meet Schurr in Seattle. Bullis left Santa Ana about a month ago. The other was from O. L. McPherson of Santa Margarita and was received here Saturday afternoon after Schurr's departure. It evidently is in reply to a letter from Schurr, for he is given directions how to reach McPherson should he decide to come to Santa Margarita.

Schurr before his marriage was a soldier, and served in the Boxer uprising in China, as a member of Company E, Ninth Regiment, U. S. Regulars. He attained the rank of sergeant. McPherson was a member of the same company. It is thought that possibly Schurr may try to enlist again.

Mind Shaken, Says Wife

"My husband has not been right since he met with the motorcycle accident two years ago," said Mrs. Schurr this morning. "I believe he had been making preparations to leave for some time. A few days ago I found some of his clothes stored away in his tool chest in the cellar. He took only one suit with him and an extra pair of high priced shoes. He probably took the latter to convert them into cash. The suit he wore away from home was badly worn. He has either committed suicide or bought a new suit and left the old one in the bath house for the purpose of deceiving his family and friends."

PARIS HAS SHORTAGE OF AMERICAN FLAGS

PARIS, May 7.—America's entry into the war found Paris unprepared in American flags. Even before Congress had debated President Wilson's war proposal, Paris department stores had to admit that the demand for the Stars and Stripes exceeded the supply. Hardly a street in the capital lacked one "Old Glory." Even small American flags to be worn on coat lapels were gone as soon as the large ones. Frenchmen bought them as eagerly as Americans. Both are waiting for a new supply.

DRAFT FIAT READY TO BE GIVEN NATION

Wilson Completes Proclamation Calling For Selection Of Young Men

CONFEREES RUSH WORK ON CONSCRIPTION BILL

President's Ukase Will Tell What Is Expected of Americans Under Measure

PARIS, May 7.—It was today announced that a unit of Americans will begin work at the front Wednesday, carrying munitions to the French.

WASHINGTON, May 7.—The war department today issued orders for the raising of nine additional engineer regiments to proceed to France at the earliest possible moment for work in lines of communication. San Francisco is to be a recruiting point.

WASHINGTON, May 7.—The Uruguayan steamer Gorizia, carrying five Americans, has been submerged, it was today announced.

WASHINGTON, May 7.—President Wilson has completed his proclamation calling for the selective draft of America's young men and its issuance awaits only action by congress on the conscription bill. The urgent demands for an army—accentuated by appeals from the French and British commissions for troops in France—led conferees on the draft measure to speed up their work today. Senator Chamberlain hoped to obtain agreement on the bill before tonight and report it out tomorrow.

There are wide differences on the three important features of the bill covering age for draft, army prohibition and the Roosevelt division amendment. A compromise will be reached on the age question—probably fixing the age for draft between 21 and 30 years. Undoubtedly, however, there will be a big fight on the prohibition and Roosevelt division amendments.

President Wilson's proclamation calling for the selective draft of America's young men and its issuance awaits only action by congress on the conscription bill.

All men between the ages agreed upon by the conferees and approved by congress, will be required to register, giving their age, whether married and if married, whether they have families dependent upon them. There will be other information required also requiring occupation, education, training along particular lines, etc.

Exemptions will be determined after the registration has

Ana, and Mr. and Mrs. Arthur McCauley and their 2-year-old son Frank of Anaheim, Kellar, driving, and McCauley occupied the front seat.

The party was returning from a day spent in fishing along the Trabuco creek.

"We were traveling twenty-five or thirty miles an hour in Mr. Kellar's new Studebaker car," said McCauley today. "An automobile approached us, and it was in the center of the pavement, not giving us our portion of the road. I told Kellar that he had better give that fellow a little more room, and Kellar did so, but he got over too far, and the right wheel hit the bank. Kellar tried to guide the machine back to the left, but evidently turned too short. The machine went completely over, landed on its wheels and came to a stop headed in the direction from which we came."

The six occupants of the automobile were all thrown clear of the automobile. McCauley and the Kellar baby escaped without any injuries. Kellar and Mrs. McCauley were taken to the Santa Ana Hospital in the county ambulance, and Mrs. Kellar was brought in by an El Toro machine. The little Kellar baby, though his arm was broken, slept all the way in, resting in Dumbell Willson's arms.

Several officers examined the wreck. Among them were Sheriff Jackson, Deputies Cravath and Eells and Constable Combs.

Kellar is a barber, employed in a Santa Ana shop. McCauley is a bartender at the Peerless saloon, Anaheim.

## U. S. CAPITAL IS NEGLECTING ISLANDS

"There is splendid opportunity for United States capital and energy in the Philippines," is the opinion of Henry S. Peabody, former resident of this city, who is here for a few months' visit with his mother, Mrs. H. S. Peabody, and brother, Goo. Peabody, and family at Newport Beach, and cousins, Alvi and Ray Stedman this city.

Peabody was city editor of the Blade when his father was owner of the paper some twenty years ago, later holding the position of court reporter in the Orange County Superior Court. He went to the Philippines during the Spanish-American war, where he saw the possibilities and after coming back home and resuming his position as court reporter for a time, again returned to the islands, going there as chief clerk of the bureau of science, with headquarters at Manila. A few years in the government service where he had splendid advantages for observation of conditions and possibilities, decided him in branching out into ranching for himself. Today he owns a plantation of 1500 acres at Lais, where he conducts business under the name of the Lais Trading & Developing Company. The

chief products of his plantation are copraconuts, manila hemp and rubber. It has been sixteen years since Peabody went to the islands and he notes with considerable delight the many improvements in the business and residential sections of Santa Ana. The growth is something of a surprise to him.

Harry Upham and Harry Cooper, two Orange men who went to the islands about the time he did, are doing fine. Cooper has a large wholesale implement business at Manila and Upham at Baguio, where he is captain of the constabulary.

"The Philippine Islands offer vast possibilities to United States energy and capital," said Peabody this afternoon. "It has been demonstrated that rubber can be grown in some portions of the islands in commercial quantities and at good profit. American capital has been going into rubber development in the Malaya states, and when these countries commence placing embargos, Americans who have invested there will wish they had turned their efforts in the developing of the rubber industry in the Philippines. There are now only five rubber plantations in the islands, one of which is mine. I produce about five tons a year and the other plantation in the province of Lais produces about twenty-five tons. We plant Castillo rubber trees, which are not as heavy producers as para trees, but they seem to thrive better. Para rubber is produced in some sections, however. My trees produce about one pound of rubber per year.

"There is a good field for development of the copraconut and hemp industries. We produce about one ton of copra per acre, and at present market prices make \$75 per ton above the cost of producing and marketing. Copra is the dried meat of cocoanuts from which the oil is extracted. The islands have been greatly neglected by U. S. Capital. There is hardly a limit to the possibilities and the man with wealth and energy will take no chances when he invests there.

# PICK OF GERMAN ARMY GOES TO DEATH UNDER FRENCH FIRE

Kaiser's Grip On France Is Menaced By Colossal Nivelle Smashes

[CONTINUED ON PAGE 3]

which the enemy is making to save the Rhine salient.

Germany's picked troops are being hurled into the breach made by the French. The flower of the German army, which Hindenburg had saved for what he hoped would be a final decisive offensive, is now being sacrificed.

Entirely aside from the Franco-British offensive between the Aisne and Lens the Germans are now facing an equal menace in the Champagne. They know that the French offensive between the Aisne and Moronvilliers threatens to force their vacation of the Rhine salient. Theres Mount Brimont and Berri and Forts Noegent La Besse and Vitry Les Reims constitute the keystone supporting the superstructure of the entire German front.

## Sacrifice Last of Reserves

Desperate necessity of preventing the cutting off of the salient which would precipitate withdrawal from France, is causing the Germans to sacrifice the last of their reserves in an effort to hold back the French.

The 6000 prisoners taken up to today does not indicate a shattered German morale. On the contrary, the Germans are resisting with a degree of desperation hitherto unknown. But the number of prisoners does reflect the immense bodies of troops which the Germans are throwing into the conflict.

'They are being put to the slaughter like sheep. Today, standing on a height from which I could see the French steadily wiping out the Hindenburg salient, it was possible with glasses to make out long lines of motor lorries behind the German trenches, each packed tight with German troops and speeding to the charnel house of the German front lines.

## Melt Away Under Fire

Arriving there, these fresh reserves were unendingly launched against the French. And they melted away unendingly in the French machine-gun fire, the deadly accurate barrage of the famous Soixante Quinze, the cold steel of the French bayonets or the explosions of French grenades.

Not only has the number of enemy troops in the past few days' fighting been greater than that employed in any previous engagements since the early days of the war, but the quality of the troops is higher. Prisoners showed there were no decrepit reserves. All those captured were of choice regiments. Saturday around Craonne, for instance, a complete division of the picked guard was called into action by the German commanders. It was practically annihilated in a vain attempt to re-take Craonne. The perfect unity underlying the Franco-British offensives and the titanic strategy of the whole forward push culminated in its greatest ex-

pression of effectiveness Saturday. On that day—thirty-six hours after the English had wiped out the northern pivot salient of the Hindenburg line in the regions of Bullecourt and Croisselles—the French wiped out six kilometers (four miles) of the southern pivot salient in the region of Moulin Laffaux.

## Hindenburg Line Periled

The double success of the allied armies today menaces the entire Hindenburg retreat line from its two most vital points. The victories constitute the first great objectives toward which every local French and English action since the beginning of the great offensive has strategically contributed.

The French advances on the Hindenburg salient is only a small portion of their successes in the second great drive since April 16. This fighting has covered a front of nearly twenty-two miles—including the entire length of Chemin-des-Dames (the Ladies' highway) with extensions to the east and northwest.

Now the entire Craonne plateau has been attained, almost the entire summit of the ridge dominating the plateau and descending toward Laon has been captured, nearly thirteen miles of Chemin-des-Dames is held—all of the road but a small portion in the vicinity of Fort Malmaison.

The new French positions formerly constituted the greatest obstacle, when they were in German hands to Nivelle's advance to Laon. They dominate the valley of the Ailette, down which the French kept up Saturday's and Sunday's operations.

**Epochal Rheims Victory**  
But in addition to this great success another epochal victory has been registered by the French on the Rheims front. There, on Friday, General Nivelle initiated an offensive north and east of Rheims which carried the French over several heights. The victory may soon liberate Rheims as the German "hate target."

When the French, on Saturday morning, leaped out of their trenches in the Aisne assault, the German first lines were literally gorged with men under orders to die resisting.

Hardly had the French beat down these lines of human flesh and attained their first objective, capturing and killing thousands, than the Germans initiated furious counter-attacks. They were made with a promptitude and utter disregard of cost in human lives little in accordance with Germany's recently announced tactical plan to save troops.

Throughout the twenty-four hours that ensued, the French were forced to wipe out repeated counter-attacks against every position they gained, before attacking their next objective.

## BOYS GET DRUNK ON WINE GIVEN BY BOYS

City Marshal Jernigan Investigating Occurrence Here Yesterday Afternoon

Tom Keeney and Ralph Smith, two 17-year-old boys of this city, who are now working in Los Angeles, will probably have to answer to the juvenile court for their action here yesterday in giving liquor to two 12-year-old boys. The latter were Tom Watts, son of R. E. Watts, 1070 West Fifth, and Alonzo Watts, son of J. P. Watts, 1045 West Chestnut. Both boys were made drunk and desperately sick by wine given them by the youths from Los Angeles.

City Marshal Jernigan is investigating the occurrence. Keeney and Smith induced the Watts boys to accompany them to a point near the beet dump on West Fifth street. There they secured a couple of bottles of wine which they had secreted and telling the boys that the bottles contained soda pop, induced them to drink some of the contents.

## SAN DIEGO HIGH WALLOPS POLY: SCORE 18-0

SAN DIEGO, May 7.—The San Diego high school nine played the leading part in a baseball tragedy staged at the stadium Saturday afternoon and took the measure of Santa Ana, 18 to 0. The first three innings looked like regular baseball, San Diego scoring only one run. That was in the first frame, when Warner walked and went to second base on a wild throw. He was advanced to third by Field and scored on a sacrifice by Sharp.

There were no scores in the second and third, but in the fourth the San Diegans tore loose with ten runs, rolling up their total in later innings. It was nothing short of murder.

## STORM WATER BILL SIGNED BY GOVERNOR

Instead of Ten Property Owners Petition Will Need 25 Per Cent

Assemblyman J. C. Burke today received word that Governor Johnson had signed his bill amending the storm water district bill. Hitherto the law allowed any ten persons of a proposed storm water district to petition for the formation, and upon that formation the board of supervisors could form the district. One district, the Fullerton-Orangethorpe, has been organized under that law in this county, and petitions for three others have been received by the board recently.

When the French, on Saturday morning, leaped out of their trenches in the Aisne assault, the German first lines were literally gorged with men under orders to die resisting.

Hardly had the French beat down these lines of human flesh and attained their first objective, capturing and killing thousands, than the Germans initiated furious counter-attacks. They were made with a promptitude and utter disregard of cost in human lives little in accordance with Germany's recently announced tactical plan to save troops.

Throughout the twenty-four hours that ensued, the French were forced to wipe out repeated counter-attacks against every position they gained, before attacking their next objective.

**FIRE AT RANCH GARAGE GETS TWO AUTOMOBILES**  
FULLERTON, May 7.—Fire of undetermined origin shortly after midnight Friday destroyed two automobiles on the B. F. Porter ranch west of town, inflicting a loss estimated at \$2500. The blaze is thought to have originated through faulty wiring in one of the cars.

The crackling of the flames awakened members of the Porter household, who turned in an alarm. The ranch is outside the district where there are fire plugs and the firemen centered their efforts on preventing the blaze from communicating to the house.

The garage housing the two cars, and both machines were a total loss. One of the autos was insured.

**THE MAN WITH THE HOE**

Always the framework of civilization,  
The man with the hoe is the life of the  
nation;  
The burdens of millions he cheerfully  
bears,  
And patiently labors to lighten their  
cares.

The soil is his servant and, guided  
with skill,  
Its forces are mustered, obeying his  
will;  
The fruits of his labors in garden and  
field.  
Feed millions of mouths when their  
treasure they yield.

No longer his name is a subject for  
jest.  
For the fate of the nation on his effort  
rests;

Though thousands of men to the  
trenches may go,  
Their progress depends on the man  
with the hoe.

His shoulders will bend to their task  
with a will,  
The seed we will sow, and the soil he  
will till;  
The hoe he will wield and the harvest  
he'll reap,  
And the wolf, from the door of the  
world, he will keep.

"Tis on his strong arm that the people  
depend,  
And nobly his strength to their need  
he will lend;

Ere long, more than ever, our welfare  
we'll owe,  
To the brain and the brawn of the man  
with the hoe.

—E. Myrtle Hubbard,  
Chico, Calif., May 1, 1917.

A few days ago the Register had an  
editorial declaring that the man with  
the hoe is not to be looked upon as a  
coward.

"The world depends on him more  
than ever before, and the world frankly  
admits its obligation," said the  
Register editorial. "The farmer is con-  
scious of his duty to feed the world,  
and is striving to do his part as the  
soldier in battle does his. We need a  
new picture of 'The Man with the  
Hoe' and a new poem to celebrate it."

The editorial was copied by the  
Chico Enterprise, and a reader of that  
paper, without waiting for a new  
picture, proceeded to write for the  
Register her vision of the man with  
the hoe.

**A NEW CHAMPION**

If the United States Steel Corpora-  
tion is a "barometer of business," El-  
bert H. Gary, its chairman, may be re-  
garded as a barometer of business  
opinion, and equal suffrage leaders  
may rejoice in the conversion of  
American business men in general to  
the cause of woman suffrage.

Judge Gary has accepted a place on  
the men's advisory board of the New-  
York state suffrage party. His first  
public act in that capacity has been to  
issue an appeal for the same generous  
political treatment of women in this  
country that has been promised  
British women.

If the women of Great Britain have  
won the right to vote by their un-  
selfish and capable public service, says  
Judge Gary, our women can show just  
as clear a title to it. "The women of  
the United States are as loyal, as  
patriotic, as self-sacrificing and as de-  
voted to their country as their English  
sisters, and exactly as much entitled  
to the ballot. There has never been a  
test which our women have not nobly  
met."

"At every crisis in our history they  
have borne their full share. They have  
demonstrated that there is no differ-  
ence between the patriotism of our  
men and the patriotism of our women.  
It is only the part of honor and fair-  
ness for the men of the United States  
to give the same recognition to the  
services and the spirit of American  
women that the men of England have  
promised."

Here in California we have exper-  
enced woman's suffrage for several  
years, and where is the man in Cali-  
fornia who can truthfully say that  
woman's suffrage in this state has  
been anything else than successful?  
Women have proven themselves to be  
intelligent voters. They line up on  
the right side of moral issues, and  
through their presence in the polls gov-  
ernmental policies are closer to home  
life than they used to be. No one  
talks of taking the vote away from  
women in California. Should anyone  
start such a movement, burial under  
an avalanche of protest from both  
men and women would be its fate.

Not Wholly Dark

"History is not wholly dark as man  
moves on to the goal."

History is experiencing one of its  
gleams of light just now. This is in  
the determination of the world to rid  
itself of kingship. Civilization may  
be conscious of a tremor as it takes a  
giant leap around, but the real trembling  
is from tyrants sitting on wobbly  
thrones.

Years ago Ambrose Bierce, one of the  
most brilliant of American writers,  
predicted a world war in which all  
the achievements of humanity would  
be destroyed, and life begin  
 anew among scattered bands more  
ignorant and helpless than savages.

At a later date H. C. Wells made a  
similar prophecy.

Even in this time of extremity  
there is an aroused and burning faith  
that they are wrong; that civilization in  
slaughtering its anachronisms and  
superfluities, and is being born again.

**Why the Exception?**  
An American editor in Peking has  
been arrested for printing German  
propaganda.

That's all right. But a lot of Ameri-  
can editors in this country print such  
stuff and get away with it.

**La Follette Exempt**

Wisconsin is to seize potatoes.

The fact that this does not include  
small potatoes lets La Follette out.

**Some Needs**

A commentator remarks that what  
this country needs is fewer roof gar-  
dens and more vegetable gardens.

Might also have suggested less atten-  
tion to fancy chickens and more to  
the egg-laying kind.

**Hit Hard**

Writing from Sacramento a corre-  
spondent refers to certain of the gen-  
tlemen he doesn't like as "myopic-  
minded cabalists."

That ought to make them take  
notice, and to beware of the fact that  
the correspondent has even heavier  
ammunition stuffed in his fountain  
pen.

**What Carranza Says**

Noting a published interview with

Carranza one naturally wonders why  
anybody should have taken the  
trouble to procure it.

Carranza bears the reputation of  
having only a distant acquaintance  
with the truth. So unfamiliar with it  
is he in fact that for him to utter it  
would be presumption. He has had no  
practice in the handling of it. He  
could not cause it to emerge unat-  
tended through his admirable whiskers.

The apparent purpose of the inter-  
view apparently was to clear Ger-  
many of the cruel imputation of activ-  
ity below the border. It is not like-  
ly to have this effect, or any other ef-  
fect, being one of the things that must  
be reckoned negligible.

**When Champ Speaks**

Whenever Champ Clark deserts the  
chair, and taking the floor, begins to  
chin-chin, his real friends are sorry.

While his activities are confined to  
banging the gavel he does not excite  
the emotion of pity.

**Use of Convicts**

Several states will employ their  
convicts in cultivation of the land.

Another excellent plan would be to  
take city loafers, the chronic, and  
turn them into the fields under guard.

Mrs. Wm. Mize, Recent Bride,  
Surprised By Party of  
Friends Saturday

One of the delightful end of the week social events was the surprise kitchen shower given Mrs. William Mize, formerly Miss Marguerite West, at her home, 602 West Third street, Saturday afternoon:

Roses, ferns and violets in graceful combination were used to grace the rooms, and the gifts, many and useful, were presented in two huge packages. Mrs. Mize seated herself upon the floor to enjoy the thoughtful and much appreciated presents, which will soon grace her new home which is nearing completion at 1106 West Fourth street.

During the afternoon piano and vocal music were enjoyed and delicious ice cream and cake were served.

The following were the guests: Mmes. H. E. McKeen, Charles McKeen, W. A. West, J. J. Hayes, T. H. Bowen, Harry Kiser, Harry Brookbank, Virginia Brookbank, C. W. Galbraith; Misses Irene Bowen, Virginia Hayes, Winifred Hayes, Mildred Bowen, Hilda Hayes.

# GERWING COVERS 15-MILE KITE IN RECORD TIME

Wheels Circuit Saturday Afternoon At the Rate of 24 Miles An Hour

Robert Gerwing, son of Robert Gerwing, bicycle dealer, developed the best speed in the bicycle races Saturday afternoon, and pushed himself in to first honors in time, covering the 15-mile course in 40 minutes and 54 seconds, or an average of twenty-four miles an hour. Addison Brown, son of Mr. and Mrs. Charles D. Brown, of Red Hill, was the first boy to roll his bike across the tape at First and Broadway, winning the prize for first place. He covered the course in 46 minutes and 6 seconds. Gerwing was a scratch man and Brown was one of the group starting in the seven minute handicap.

The time record made by Gerwing is the best ever made over the course. In the old days of bicycle racing the kite was shorter than the course of Saturday, and with dirt roads the old course was turned in about 37 minutes. The races will be an annual event under the auspices of the Orange

## MOTHER OF NINE CHILDREN

Able to do Housework by taking Lydia E. Pinkham's Vegetable Compound

Springfield, Mass.—"After the birth of my ninth baby I was in a weak, run down condition, had pains in my left side, so I would faint often. My doctor advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and gained in strength so I can now do all my own house work and I hope you may publish my experience with your Compound for the benefit of other mothers." — MADAME EUGENE BEDARD, 558 Main Street, Springfield, Mass.

Lydia E. Pinkham's Vegetable Compound is so successful in overcoming the woman's ill because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence.

If you want special advice write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read, and answered by women only.

## U. S. CEREALS FOR POOR OF LONDON

BY F. W. GETTY

(United Press Staff Correspondent)

LONDON, April 17 (by mail)—Mrs.

David Lloyd George, wife of the British Premier, has changed "Paddy's Goose," for years London's most notorious public house, into England's first communal "War Kitchen."

Mrs. Page, wife of the American ambassador, participated in the opening ceremony and received a warm reception when she introduced the East End poor to American cereals for the first time.

"Lyett," another ill-famed English pub, on Miles End Road has also been opened to the poor, and a third, "The Crown," where 17,000 hot dinners are served out daily, is in full swing.

Although intended to relieve the food shortage and suffering resulting among the East End poor, England's new communal "war kitchens" are by no means charitable institutions.

"From the very beginning" Mrs. Lloyd George said, "we have sought not to make this movement another outlet for charity. It is not our intention to give away free meals, but, at the same time, we hope to supply our meals at such prices as will be a real help."

Expressing her confidence that this East End example would be followed throughout the country, the wife of the Premier welcomed over 200 first-day customers to the new kitchen.

"I don't know any more economical way than this," she said, "of saving food and at the same time giving good nourishing food to children of the poor districts. We want to save all the boys and girls we can. They're very precious to the nation—particularly at this present moment."

# EIGHTH GRADE OF WESTMINSTER IS FIRST IN CONTESTS

Annual Grammar School Day At Huntington Beach Yesterday Big Success

HUNTINGTON BEACH, May 5.—The annual Grammar School Day of all the schools in the neighborhood of Huntington Beach Union High School was held all day yesterday at the High School and resulted in the most successful meet in a long series of meets which have been held under the auspices of the High School. Ten teams were entered in the morning or scholastic contests and three in the athletic contests of the afternoon.

Each one of the High School teachers had charge of one phase of the morning contest and Mr. Sprfotte took charge in the afternoon.

The Westminster school, although closed until two days before the contest for a period of three weeks, owing to an epidemic of the measles and mumps, was successful in winning first place in the Eighth grade contests, with a total of 66 points. The Eighth grade of Huntington Beach was second with 55 points, Newport Beach third with 46 and Ocean View second team, fourth with 37 points.

Huntington Beach entered three teams in the meet and the total points taken by all three teams was 79 which won for the school a new banner offered for the first time. Ocean View's two teams took exactly the same number of points that Westminster took, which was 66, but failed to receive a banner.

In the afternoon, although there were three teams in the contest, the real struggle was between Huntington Beach and Ocean View; the former winning by the score of 46½ points to 39½ points. The result hinged upon the relay with Huntington Beach two points ahead before the relay was won. By winning the relay, Huntington Beach copped the meet with a margin of nine points.

In the morning contest the points counted were as follows: First place ten points, second place eight points, third place six points, fourth place four points, fifth place two points.

The results were as follows: Essay Contest—Marguerite Wright of Westminster, first; Mary Goodykoontz of Newport Beach, second; Loren Maddux of Ocean View, third; Alice Jones of Newhops, fourth; Elsie Lake of Huntington Beach, and Benny Page of Fountain Valley, tied for fifth.

Ciphering—L. Johnston of Westminster, first; Neal Bradbury of Ocean View, second; Albert Maddux of Ocean View, third; Roy Morgan of Springdale, fourth; Roy Williams of Newport Beach, fifth.

Mental Arithmetic—Charles Hazard of Huntington Beach Seventh grade, first; John Adair of Huntington Beach Eighth grade, second; Arthur Murdy of Ocean View second.

Declamation Contest—Marguerite Wright of Westminster, first; Randolph Bell of Newhope, second; Leon Moore of Ocean View, third; Edward Bloemer of Huntington Beach Eighth grade, fourth; Martha Thomas of Huntington Beach Seventh grade, fifth.

Sight Reading—Roberta Williams of Newport Beach, first; Margaret French of Huntington Beach, second; Raymond Vandruft of Ocean View third; Adele Johnston of Westminster, fourth; Mildred Moore of Huntington Beach Seventh grade, fifth.

# PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, May 7—Thirty-five Orange couples attended the Red Cross ball at Santa Ana, and among them were Mr. and Mrs. J. R. Porter, Dr. and Mrs. A. H. Domann, Mr. and Mrs. J. F. Craemer, Mr. and Mrs. K. V. Wolff, Dr. and Mrs. V. A. Rosstier, Mr. and Mrs. L. Collins, Mr. and Mrs. Claude Morey, Mr. and Mrs. T. H. Elijah, Rev. and Mrs. Harris, Mr. and Mrs. C. F. Newton, Mr. and Mrs. L. P. Damewood, Mr. and Mrs. Floyd Parsons, Mr. and Mrs. William Kruth, Mr. and Mrs. H. S. Huff, Misses Alta Morrison, Lois Park, Madelyn Palmer, Juanita Wright, Messrs. Fred Stevens, Wm. Shiple and Herbert Wagner.

The Get Acquainted Club met at the home of Mrs. W. B. Pary on South Grand street. From here the club adjourned to the Red Cross headquarters where they spent the remainder of the afternoon in sewing for the society. Club members present were: Mrs. W. B. Park, Mrs. Howard Drew, Mrs. W. S. Ensign, Mrs. Carl Pister, Mrs. W. R. Garrett, Mrs. H. T. Parker, Mrs. K. Adams, Mrs. H. C. Moberty, Mrs. E. Edwards, Miss Nora Edwards, Mrs. Max Simon, Mrs. Fred Klahn, Mrs. Reihl; Mrs. W. R. Hunter, a visitor.

It was a gala occasion for the West Orange Tatting Club when the members met at the home of Mrs. Victor W. Sutton. All of the members were present and there were several special visitors, including Mrs. Paul Clark, Mrs. Harvey Clark, Mrs. W. F. Miller and Mrs. John McCarthy.

Flags and sweet peas formed a decorative scheme that was both patriotic and beautiful. It added much to the charm of the occasion. Enjoyment was completed with musical entertainment contributed by Mrs. Paul Clark, the two latter rendering instrumental selections. Mrs. Laurnia delighted the guests with two readings, one of her own composition, which revealed much talent.

Mrs. Parker Robertson entertained at her home, 175 South Glassell street, at a charming dinner party for Mr. and Mrs. R. G. Cole, Rev. M. L. Pearson and family, Dr. F. L. Chaplin and Mr. Harvey Riggle.

Orange had several representatives at the Sunday school convention at Huntington Beach. Among those who attended the convention were Mrs. F. E. Crawford, Mrs. R. W. Jones, Misses M. Lulu Evans, Elizabeth Crowell, Clara schoolie and Lillian Crawford.

Mrs. Mable Kressen chaperoned her Sunday school class on their annual picnic to the Orange County Park. The girls mixed a little business in with their high jinks by having a class meeting while they were at lunch. Those who enjoyed the affair were Misses Ross Richardson, Leona Miller, Myrtle Klahn, Edna Stein, Marie Fa-

ber, Adapearl Hinds, Opal Kurtz, Emma Franzen, Gertrude Cole, Helen Wyland, Alice Fuller, Kathryn Dyer, Emma Schooly and Mrs. Kressen.

The members of the Friday Afternoon Club of Olive spent the day as the guest of Mrs. Lela Jacobs of Parodo. They motored to the canyon in the morning and after a picnic lunch under the trees, the afternoon was pleasantly spent at fancy work, a collection of ice cream and cake interspersing the sewing. The club members present were: Mrs. Rankin, Miss Bortz, Mrs. Wolf, Mrs. Goetch, Mrs. A. B. Brown, Mrs. Semore, Miss Thornburg and Miss Mattie Bortz.

Mr. and Mrs. W. D. Cole and Miss Beatrice and Gertrude motored to San Gabriel where they are visiting relatives.

Mr. and Mrs. Alfred Leichtfuss were visitors in Hemet at the home of Mr. and Mrs. Vern Barger.

J. F. Donovan and family returned from Little Bear Lake from a fishing trip where they spent a week of excellent fishing.

Will McPearson, Misses Gaughay and Dolph of Capistrano spent an afternoon with Mr. Pearson's father and mother here.

Mr. and Mrs. P. M. Peter and Mr. and Mrs. B. J. Brown motored to the Gardena strawberry festival.

Frank Pister motored to Santa Barbara to visit his brother, Ed Pister.

Mrs. Kathryn Brooks and daughter are spending the week end with friends in Los Angeles.

J. C. Wallace is visiting his folks at 429 South 20th street. Mr. Wallace's business headquarters are at Fresno.

Mrs. W. J. Gould, formerly Miss Dorothy Haynes of Orange, is the guest of Mrs. J. M. Murphy. Mrs. Gould is the San Diego district secretary of the Epworth League.

F. Shattuck, of Grant's Pass, Ore., is a guest at the Hotel Orange.

Miss Dorothy Milligan is on the sick list.

Miss Vida Morrison was a Los Angeles visitor.

Woodson Wallace spent the week end with his folks.

Mr. and Mrs. James Meehan, Mr. and Mrs. C. J. Porter, Mr. and Mrs. John Bush returned from a fishing trip to Santa Ynez river. They report the fishing excellent. Although the fish were small they caught the limit each day.

## BEACH RECALL IS BEING RESIGNED

NOWPORT BEACH, May 7.—The petition, asking that a recall election be held to remove the members of the Board of Trustees of Newport Beach, which had been filed with the city clerk, has been returned to the circulators by C. M. Crego with the list which were illegally signed, which amounted to 43 names. Out of the total of 126 names, 33 were found to be correctly signed.

The law requires that the names appear on the petition exactly the same as they are in the great register, and the name, residence, occupation and date must be written out in each case. In a large number of cases this was not done, some women signing the petition with their husband's first name or initials, and others using ditto marks instead of writing out the date in full.

This does not mean that the petition has been rejected, as the law allows the supplementary list, with corrections and additions, to be added, and the men behind the movement are out getting the petitions resigned, and expect to again present it to the clerk in a few days, providing the required number again sign the recall.

**HERO OF MARNE PLACES WREATH ON LINCOLN'S TOMB TODAY**BY GEORGE MARTIN  
(United Press Staff Correspondent)

ST. LOUIS, May 7.—The middle west's unrivaled reception of the great French warriors and statesmen is at an end and with the last long cheers of the flag strewed crowd which watched the special out of sight here today, echoing in the distance. Premier Viviani and General Joffre turned their steps toward the grave of Lincoln, emancipator of a nation.

Adkinson went to the place. He demanded the duck.

"Duck? What duck?" The two hunters and the fisherman expressed great surprise. They knew nothing about any duck.

"I'll throw the three of you in, and I'll take this shack with me for I know it's got a duck in it," said Adkinson.

Adkinson's talk had effect. The fisherman told him the duck was resting peacefully under the bed. Adkinson secured the evidence, and ordered Le Roy to appear before Justice Cox at 11 o'clock today. Le Roy had not appeared up to 2 o'clock.

That the heart of the west—and its sword and store houses have been pledged and are being taken back to France and by the allies' battle commissioners, there is no doubt.

**Blazed Trail of Triumph**

Millions of Americans—thousands of German birth among them—stood on the line of march in Chicago and at stops cheered them to the echo. The progress of the party thence through corn and wheat belts to Kansas City and back to St. Louis, was a blazed trail of triumph for allied arms.

"The Stars and Stripes and the tricolors have been inextricably mingled in the middle west in the last five days," said a member of the party as the train left St. Louis today.

The millions of mixed citizenry alongside the line of march as the Frenchmen passed it has been all "Vive la France" and not one whisper of "Hoch der Kaiser," and if there is any one incident which has touched the hearts of the French more than any other among countless incidents by which the middle west has attested its devotion to the allies' cause it was that of a little farmer lad who stood alone in the midst of rolling fields beside the track, far out in the black fields of Illinois, bravely waving a flag three times as large as he, while the train whizzed by.

About June 1 the work of erecting a row of one-story modern brick stores will commence. F. A. Hartman of Los Angeles is the man who will erect them. Plans for the new stores were drawn by H. Krempl.

Men of few words, all of them, and of great deeds.

Only a moment of the hour's stop at Springfield will be allotted to the simple ceremony at Lincoln's tomb. But in that moment the man who prayed on the battle field of Gettysburg that "government of the people, by the people and for the people, shall not perish from the earth," and two of the men who are doing the most to bring that prayer to realization on a world-wide scale, will stand face to face before all nations.

**Wreath on Lincoln's Tomb**

As the last strains of the Star Spangled Banner float out "over the land of the free and the home of the brave" there will rise the thrilling battle of the Marcellais.

Joffre, chief of the marshal of France in hand, betokening him as the one who more than any other one, unsheathing "the avenging sword," will step forward and silently place a wreath on Lincoln's tomb.

BEACH AIRMAN FLIES TO PLACENTIA NEXT WEEK TO AID GUARDS

PLACENTIA, May 5.—Placentia's aeroplane, which is to be used by a detail of the Home Guards, is within two weeks of completion. The wood for the frame work has been fashioned and the wings are a third finished.

The aero squad of the Home Guards will be given their first real insight into the art of aircraft next Tuesday. Their instructor will be Earl Dougherty, who will fly from Long Beach to Placentia Tuesday afternoon and there will talk to the Home Guards on the intricacies of aviation.

Dougherty was in Placentia Thursday and picked out the landing place he will use Tuesday.

It's Down and Out

The very last document in a case that has occupied a lot of court attention in the last six weeks was filed this morning, and the action of C. E. Gault against J. D. Wiens is now legal history. It was one of a number of cases brought in Orange county as a result of the plundering operations of William J. Martens of Hillsboro, Kan.

Martens claimed to have title to a lot of land in Kern county, and he sold and traded part of that land to a number of Orange county farmers, among many others. After Martens ran the length of the rope some of the farmers sued for and recovered title to their land.

J. D. Wiens of Anaheim gave Martens a note for \$1500. Martens put that note up with others totaling \$16,000 for a loan with a Topeka bank. When Martens became a fugitive, the bank sold the security to Gault, and among other actions was one brought by Gault against Wiens to collect on the note. The superior court here gave Gault judgment.

Attorneys Melrose &amp; Ames took an appeal, and the supreme court held that since the note was secured by fraud, and therefore was worth nothing while Martens owned it, and was put up as security for what it was worth, therefore it did not attain value when sold at auction to a buyer who knew the circumstances.

Today a dismissal was filed, losing the case.

**Over an Account**

Today Judge Thomas is taking evidence in the contest over the final account of W. W. Martenot of Anaheim as executor of the will of his wife, Jessie L. Martenot, deceased. The will left the estate to Mrs. Martenot's daughter, Dorris James, of Los Angeles. The girl through her guardian asserts that in his account Martenot fails to account for several articles of jewelry and other items.
